His Order.

A speaker who has planned an address for a multitude and finds himself confronted with but a single auditor sometimes fails to readjust his remarks, and the result is apt to be ludicrous. A little story illustrative of this point is told in connection with a former president of the University of North Carolina.

One day as this dignified and stately personage was walking about the campus he observed an unlawful assemblage of students at some little distance. He did not hasten his steps, but proceeded slowly toward them, with his head down and his eyes apparently bent in contemplation of his own boots.

When this leisurely proceeding had brought him to the spot where the students had been gathered, only one young man remained, the others having precipitately departed.

The president raised his head and surveyed the solitary culprit with apparent severity, although the young man always contended that he detected a twinkle in his keen eyes.

"Sir," said the president in a commanding tone, "instantly disperse to your several places of abode."

Difficult though the feat required certainly was, the young man executed it to the best of his ability by "dispersing" without further delay. — Youth's Companion.

A Legal TIT.

The following amusing contest occurred in Westminster hall between Lord Campbell and an eminent queen's counsel. The action was one brought to recover for damages done to a carriage which the Q. C. repeatedly called a wrong ham, pronouncing both syllables of the word brougham, whereupon Lord Campbell pompously observed:

"Broom is the more usual pronunciation. A carriage of the kind you mean is generally and not incorrectly called a broom. That pronunciation is open to no grave objection, and it has the great advantage of saving the time consumed by uttering an extra syllable."

Half an hour later in the same trial Lord Campbell, alluding to a decision given in a similar action, said, "In that the carriage which had sustained injury was an omnibus."

"Pardon me, my lord," interposed the Q. C., "a carriage of the kind to which you draw attention is usually termed a 'bus'."

That pronunciation is open to no great objection, and it has the great advantage of saving the time consumed by uttering two extra syllables."

The interruption was followed by a roar of laughter, in which Lord Campbell joined more heartily than any one else. — Argosy.

"Dyed Milk" For Londoners.

A writer reveals some of the secrets of the milk trade as discovered by himself in an attempt to run a London dairy upon honest principles. His first discovery was that all London milk has to be "dyed" to suit the London fancy.

This is effected by mixing about one teaspoonful of liquid "anatto," vegetable dye of a harmless nature, with every eight quarts of milk. In vain he explained to his London customers that the proper color of most milk is white.

"They insisted that my white milk was 'cream colored' milk and other people's 'cream colored' milk was creamy, beautiful, rich and fresh. My milk was skimmed, etc. I gave way to this thing alone. I gave them their heart's desire—the cream colored milk." — London Standard.

Children Cry for Pitcher's Castoria.

Artificial Petroleum.

It is not perhaps generally known that petroleum can now be produced artificially. The process is very simple being the distillation, in a strong iron vessel, under a pressure of 25 atmospheres, of the animal fats and oils at a temperature of 300 degrees C. Under favorable conditions 70 per cent of the fatty oils are transformed into petroleum, which is 90 per cent of the theoretical yield. The product thus obtained has been found to be in every particular identical with natural petroleum. It is suggested that, with modifications of conditions in the process, oils of different grades may be produced.

It is premature to predict the changes in the petroleum industry or to say what bearing this discovery may have. At present it certainly appears to be of little practical importance, yet it is not the less an interesting fact, and one perhaps not to be lost sight of. The discovery will doubtless be further developed, and it is not improbable that it may become of commercial importance.

As is claimed, 70 per cent of the animal oil is convertible into a good petroleum, it would appear that Degras oil, which sells at 2 cents per gallon, could profitably be converted into a superior grade of petroleum, selling, say, at 12 cents. It would be no more remarkable than many other transmutations if at some future time this discovery should find an important place in the production of lubricants and illuminating oils.—China, Glass and Lamps.

Too Competent.

A duchess requiring a lady's maid had an interview with one, to whom, after having examined her appearance, she said:

"Of course you will be able to dress my hair for me?"

"Oh, yes," replied the girl. "It never takes me more than half an hour to dress a lady's hair."

"Half an hour, my child!" exclaimed the duchess in accents of terror. "And what on earth then should I be able to do with myself all the remainder of the morning?" — London Tit-Bits.

A fairy lost a precious charm To keep the rosy gums from harm, To keep from teeth decay and death, To sweeten and purify the breath This charm the fairy lost a mortal found.

SILVER PARTY

STATE CONVENTION

HEADQUARTERS OF THE STATE CENTRAL COMMITTEE OF THE SILVER PARTY

RENO, NEVADA, JUNE 15, 1894.

At a meeting of the State Central Committee of the Silver Party of Nevada, held in Reno, May 23d, 1894, it was ordered that a

STATE CONVENTION OF THE SILVER PARTY

—BE HELD IN—

CARSON CITY

—ON—

TUESDAY, SEPTEMBER 4, 1894

AT 11 A. M.

For the purpose of nominating a full State ticket, to be voted for at the next General Election, viz:

Member of Congress,

Governor,

Lieutenant Governor,

Judge of the Supreme Court,

Clerk of the Supreme Court,

Attorney General,

Secretary of State,

State Controller,

State Treasurer,

Surveyor General,

State Printer,

Superintendent of Public Instruction,

Two Members of the Board of Regents of the State University.

Also for the appointment of a State Central Committee and the transaction of such other business as may properly come before the convention.

The basis of representation of the respective counties in the said convention shall be one delegate at large for each county and one for each 40 votes and one for each fraction thereof cast for the Silver Party at the last election, aggregating 21 delegates, and apportioned as follows:

Churchill, 5

Douglas, 5

Elko, 24

Esmeralda, 11

Eureka, 19

Humboldt, 19

Lander, 12

Lincoln, 12

Lyon, 12

Nye, 7

Ormsby, 12

Storey, 81

Washoe, 22

White Pine, 10

Total, 201

The several Silver Party County Central Committees will call a

Primary Election

Of the People on

WEDNESDAY, AUGUST 15, 1894.

For the purpose of electing delegates to the said convention, the Primary Election to be carried out in compliance with the laws of the State.

TEST.

The following test will be required of voters at said Primary Election:

"I am in favor of the free coinage of silver at the ratio of 16 to 1 by the United States, independent of any other nation, and will support the nominees of the Silver Party."

The following resolution was unanimously adopted:

Resolved, That this Committee direct the County Central Committee of the Silver Party in the several counties in the State to call Primary Elections at the time designated by this Committee and to district counties, apportion delegates to the State convention among the districts of their respective counties, and supervise the election of such delegates.

THE OREGON ELECTION.

The complete returns of the Oregon election show that Lord, Republican, for Governor, received 41,034 votes; Pierce, Populist, received 26,033 votes; Galloway, Democrat, received 17,493 votes, and the Prohibition candidate received 2,700 votes, making the total vote for Governor 87,260 votes. The great Republican victory won by the aid of thousands of Democrats who believed with the Republican Oregonian that the two wings of the Wall Street combination had tacked ground in common, lacked 6,231 votes of a majority. Had all the voters who are opposed to Republicanism combined they would have defeated the combination by over 6,000 majority. The gold trust relies for success upon its ability to keep the people divided upon secondary issues. For instance, in Nevada the 3,500 Republicans and Democrats who voted for Harrison and Cleveland claimed to be in favor of free coinage. They said there was no occasion for a silver party as all, with very few exceptions, believed in the remonetization of silver. They were so blinded by partisan prejudice that they could not see that the Harrison administration was opposed to free coinage and that the Democrats, who were in the ascendancy in the House of Representatives during the last year of that Administration, would not pass a free coinage bill. A large majority of the people of the State, however, did see and understand the situation and the advanced position which they took on the silver question has been of incalculable benefit to the silver cause as it has brought the question prominently before the country and given those who control the financial policy of the old parties an idea of what the people may do when thoroughly aroused and determined to battle for the interests of the whole country rather than for the enrichment and aggrandizement of a class or section. Had Oregon followed the example of Nevada it would have given the free coinage movement an irresistible impetus.

AGAINST ANARCHY.

Representative Stone of the House Judiciary Committee has introduced a bill defining anarchy as either a written or verbal agreement to take life or destroy property unlawfully. The bill provides that any anarchist attempting the life of any elective or appointive officer or the destruction of buildings where the loss of life would be the probable result of such an attempt, shall, upon conviction of such an offense, be punished by death.

As might be expected, as a result of the assassination of President Carnot, severe measures will be resorted to by the law-making power of the various nations to suppress anarchy. However, the fact that the Stone bill proposes to inflict a greater punishment for attempts upon the life of an elective or appointive officer than for attempting the life of a private citizen, is not calculated to impress the public with its justice or impartiality. No distinction should be made in the penalty for crimes against officials and private citizens.

POWER OF COUNTY OFFICERS.

There is a difference of opinion as to the powers of county officers and the question of whether officers other than the Board of County Commissioners have authority to let contracts, etc., is now in the courts. An act of the Legislature limiting the powers of county officers, approved March 2, 1897, reads as follows:

SECTION 1. No county officer in any county in this State, except the Board of County Commissioners, shall contract for the payment or expenditure of any county moneys for any purpose whatever, or shall purchase any stores or materials, goods, wares or merchandise, or contract for any labor or service whatever, except the Board of County Commissioners, or a majority of them, shall order such officer to do the same.

Contrary to the general rule there is nothing ambiguous in that act. It is plain that all who read it can understand it.

The Philadelphia Telegraph, an orthodox Republican paper, comments on the silver and tariff compound as follows: "Mr. Reed is a shrewd partisan, and he has doubtless looked over the field with a good deal of care before tentatively bringing forth this strange compound of gollywash, demagoguism and impractical foreign policy; but brewed as he is, he makes a grave mistake if he supposes such a program can be made acceptable to Republicans who have heretofore constituted the strength of the party."

The Reno Changeling, which supported in its feeble way the two principle candidates of the Silver party 30 years ago, is now engaged with Mr. Hills Virginia City paper in slaughtering the Silver party with murderous glee. Both papers have repeatedly denounced the Silver party dead, yet resist in fighting its corpse, which they find altogether too lively to suit them.

As bill for the admission of Utah as a State is to be called up in the Senate as soon as the tariff bill is out of a way. The bill was unanimously reported from the committee and it is believed that it will pass without opposition.

DOINGS OF CONGRESS.

A Crank After ex-President Harrison.

A BOY ACCIDENTALLY SHOT.

Carnot's Assassin Proclaims Himself an Anarchist.

CONGRESSIONAL PROCEEDINGS.

Allen's Resolution Side Tracked—The Income Tax Discussed.

WASHINGTON, June 26.—In the Senate to-day Allen attempted to again secure action on his resolution directing the Secretary of the Treasury to inform the Senate of the total number of persons engaged in protected industries whose wages might be affected by tariff legislation.

Morrill moved to refer the resolution to the Finance Committee.

Allen gave notice that as long as the amendment was unacted upon he would object to all legislation by unanimous consent.

Morrill's motion was lost—16 to 27.

Consideration of the income tax was then resumed.

Hill withdrew his amendment, offered Saturday, to strike out the provisions exempting interest on United States bonds from operation of the tax. He said he merely offered the amendment to call attention to the fact that \$335,000,000 in Government bonds would be exempt from tax under the law. Although the ostensible purpose of the tax is to reach wealth and equalize the burden of taxation, here is an enormous investment of capital that the income tax could not reach. Hill then moved to exempt State, county and municipal bonds, arguing that if the Federal Government had the right to diminish the value of State bonds, it had the right to destroy them. The motion was lost—35 to 30.

The second amendment offered by Hill, exempting State bonds from operation of the income tax, was lost—27 to 30.

CARNOT'S ASSASSIN.

Santo Proclaims Himself to be an Anarchist.

LYONS, June 26.—Assassin Santo, before the examining magistrate to-day, declared himself an Anarchist. He said he acted upon his own initiative, and that he had not been engaged in any conspiracy. Nevertheless it has been ascertained that when Santo stopped at Vienna and Montpelier he had several conferences with people suspected of being in league with the Anarchists. The police have already arrested three persons at Vienna believed to have been engaged in the conspiracy.

EXPRESS TRAIN ROBBED.

Bloodhounds on the Trail of the Robbers.

SAVANNAH, Ga., June 26.—A train on the Savannah, Florida & Western railroad was stopped by a danger signal at Monroville, 125 miles from Savannah, at 2 o'clock this morning and half a dozen men, armed with rifles, boarded the cars. The Southern Express Company's safe was blown open and all the contents taken. Their value is not known. The engineer was forced to cut the engine from the train and carry the robbers about eleven miles. A posse with bloodhounds is on the trail.

A Sad Accident.

CALISTOGA, Cal., June 26.—A sad accident, resulting in the death of Amos C. Heister Jr. of San Francisco, occurred near this place yesterday afternoon. The young man was visiting at the home of his cousin and drove with a horse and cart to visit the son of Colonel Sage, a schoolmate, who was visiting at Mr. Keller's farm, near by. Arriving at the house he got out of the cart and was standing on the ground near the cart talking with his friend, when by some means the shot-gun he carried was discharged. The charge of shot entered the right breast near the nipple. He walked about forty feet and fell to the ground.

Just what caused the discharge of the gun is not definitely known, but the probability is that the butt of the gun was resting on some object or on the cartwheel, with the muzzle leaning against his body, and slipped.

He lived about two hours and a half, retaining his faculties till the last, and said he shot himself accidentally. His last words were "God bless mother, father and sister."

Prendergast's Chance.

CHICAGO, June 26.—The assassination of President Carnot of France has added fresh interest to the case of Carter Harrison's murderer, Prendergast, whose trial for insanity is progressing. It was freely predicted in the courtroom that this latest slaying of a public character would have its effect upon the Prendergast jury, the members of which are not denied newspapers, and the material would be found in the person of Prendergast for an example to would-be assassins. Mrs. Prendergast, mother of the assassin, was in court for the first time since the murder trial closed.

VISITED BY A CRANK.

Sumner That ex-President Harrison Had Been Assassinated.

INDIANAPOLIS, Ind., June 26.—There threatened to be great excitement here last night on account of a rumor that an assault had been made on ex-President Harrison by a woman who had gained access to his residence on North Delaware street and secreted herself in his library. The further attempt of the police under instructions from Chief Powell to keep the matter secret only served to increase the alarm. The report spread and a serious state of things was only averted by the true story being given out.

The woman is a mulatto and for two years has been holding revivals among her people all the way from Tennessee to Indiana. Her name is Louise Hudson and her age twenty-eight. She arrived in Indianapolis at noon yesterday and walked two miles to the residence of ex-President Harrison. She was greatly excited and frequently stopped people whom she met on the street and inquired for particulars about the ex-President.

It was 2 o'clock before she arrived at the residence, where she demanded admittance. Private Secretary Tibbot, who has been with Harrison for six years, and who was in the library taking dictation from him, went to the door and instantly saw he had a treacherous character to deal with.

She demanded an interview with Mr. Harrison on the instant. Mr. Tibbot decoyed her into a parlor, and then kept her a prisoner while he awaited the arrival of the police, who had been summoned by telephone. There was a disagreeable scene, but the woman was kept from any violence and quickly removed to the police station.

Later she was much calmer and declared she would have attempted no violence on the ex-President had he only listened to her petition. She is a political as well as a religious fanatic, and claims to have a scheme by which Harrison can give political freedom to the colored race in the South. She also claims to be the wife of Christ, with an heir who has been kidnapped by Democratic conspirators.

A Plague of Grasshoppers.

ALBUQUERQUE, N. M., June 26.—Albuquerque and vicinity is visited by thousands upon thousands of grasshoppers and they swarmed about the electric lights. Thousands of the insects were trampled to death on the sidewalks. They came from an easterly direction and fell in swarms in various parts of the city. Those that were not trampled on appeared to live only a few hours.

Conductors Kruse and Somerville, on the Atlantic and Pacific road, report myriads of hoppers on the rails on the continental divide, west of the city, and state that the tracks became so slippery that the locomotive wheels would slip and sand had to be used.

Sheepmen Barred.

WASHINGTON, June 26.—Senator White, Representative Bowers and other members of the California delegation recently requested the Secretary of the Interior to permit stock-raisers in certain parts of California to graze their sheep upon Government reservations during the continuance of the drought, as it was represented that many sheep were starving in the southern part of the State. The Secretary to-day refused to grant this request.

More About The Tug Disaster. NEW YORK, June 26.—The disaster caused by the capsizing of the tug Jas. D. Nicoll off Sandy Hook Sunday is rendered more harrowing by the fact that most of the men who were lost leave large families. It is thought that not less than thirty-three persons perished. So far, however, only seven bodies have been recovered.

Telling the Truth.

It's common saying that newspapers lie, but when an editor writes a thing and puts his name to it you may be sure he is telling the truth. Read this: "We have never before said one word in favor of any patent medicine advertisement in our columns, but having given Simmons Liver Regulator a fair trial, we do not hesitate to say, that for dyspepsia and general debility it cannot be excelled."—FRED. M. CHILDS, editor News, Kenton, Ohio.

To Cleanse The System.

Effectually yet gently, when constive or bilious or when the blood is impure or sluggish, to permanently cure habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, to dispel headaches, colds or fevers, use Syrup of Figs.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns and all skin eruptions, and positively cures piles or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by S. J. Hodgkinson.

For Over Fifty Years

Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children while teething. It disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for children teething. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures Diarrhoea, regulates the Stomach and Bowels, soothes Wind Colic, softens the gums, reduces inflammation and gives Tone and Energy to the whole system. Mrs. Winslow's Soothing Syrup for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States. Price twenty-five cents a bottle. Sold by all druggists throughout the world. Be sure and ask for "Mrs. Winslow's Soothing Syrup."

Telegraphic Notes.

The convention of Republican clubs at Denver in well attended, over a thousand delegates being present and three or four thousand visitors.

The village of Keightley, Kansas, was demolished by a cyclone. Freight cars on a side track were broken into kindling wood. One man was killed.

At a meeting of Republican Senators at Paris to decide upon a candidate for President, the vote stood 144 for M. Casimir-Perier; 15 for M. Dupuy and 17 scattering.

The jail and public buildings at Colorado Springs, Colorado, are strongly guarded and the Sheriff has been warned that if he does not arrest General Tarsney's assailants the town will be burned.

Policemen have been detailed for duty in all the railroad yards in Chicago, the companies having asked for protection in the event of trouble arising from the boycott of the Pullman cars by the A. R. U.

The London Grand Jury threw out the bill for manslaughter found by the Coroner's Jury against General John Hewston of California, who caused the death of John Burton, a strolling musician, by poking the point of an umbrella in his eye.

A mob raided the Italian quarters at Lyons. Several cafes were sacked and the Italians fled for their lives. The police were powerless and a strong force of soldiers was called out to disperse the mob.

Premier Crispi in a dispatch to the French Government expressing the feelings of the King of Italy, says "Assassins have no country and the countries to which these criminals owe their birth are the first to repudiate them."

Horses were hitched to an electric light pole at Orange, N. J. The ground in the vicinity of the pole became charged with electricity and the horses received such a shock that they fell to the ground and could not move until hauled away from the pole.

Carl Page, 75 years of age, shot himself, it is thought fatally, at Hoboken, New Jersey, because a majority of the property owners on the street on which he lived decided to improve the street. He was ordered to move his buildings back to conform to the new lines and grade, and in a fit of despondency shot himself in the breast.

The funeral train bearing the body of President Carnot arrived at Paris yesterday. The casket was escorted to the Palace Elysee by civil and military officials. Several thousand persons stood with uncovered heads as the cortege passed. The President's coachman was so affected that he dropped dead.

Judge Ross, in the United States Circuit Court at Los Angeles, delivered an opinion in the case of the United States vs. the Southern Pacific Railroad Company, which case involved about 700,000 acres of land in Ventura county and in Los Angeles county claimed by the railroad company under grants. Judge Ross finds for the Government and throws open a vast amount of land for settlers.

Strength and Health.

If you are not feeling strong and healthy try Electric Bitters. If "La Grippe" has left you weak and weary, use Electric Bitters. This remedy acts directly on liver, stomach and kidneys, gently aiding those organs to perform their functions. If you are afflicted with sick headache you will find speedy and permanent relief by taking Electric Bitters. One trial will convince you that this is the remedy you need. Large bottles only 50c, at S. J. Hodgkinson's drug store.

Notice.

Strayed to Club House, Washoe Lake, May 24th, a blue gray mare branded C on left shoulder. Owner can have same by paying charges. If not called for will be sold. JOHN CARROLL, Washoe City, Nev.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

A FRIEND

Speaks through the Boothby (Me.) Register, of the beneficial results he has received from a regular use of Ayer's Pills. He says: "I was feeling sick and tired and my stomach seemed all out of order. I tried a number of remedies, but none seemed to give me relief until I was induced to try the old reliable Ayer's Pills. I have taken only one box, but I feel like a new man. I think they are the most pleasant and easy to take of anything I ever used, being so finely sugar-coated that even a child will take them. I urge upon all who are in need of a laxative to try Ayer's Pills. They will do good."

For all diseases of the Stomach, Liver, and Bowels, take

AYER'S PILLS

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.

Every Dose Effective

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

USEFUL OPINION FOR PAINT.

A rancher on Vashon island, Washington, has his house painted more expensively than any other house in the state. Last fall he found a box which contained 200 pounds of what he thought was a fine quality of fireproof paint floating in the sound. The paint was packed in small tin cans and bore a foreign label, and as it had cost him nothing he thought he would paint his house with it. The house is now painted inside and out, and in doing so the greater portion of the paint was consumed. The rancher has discovered, much to his sorrow, that instead of fireproof paint he has his house covered with about \$3,000 worth of smuggled opium, which was thrown overboard by smugglers—Portland Oregonian.

MARRIED.

BROWN-GUTHRIE—At Sonoma Ranch, Humboldt county, Nevada, June 24, 1894, by Rev. J. H. N. Williams, William A. Brown and Miss Hattie E. Guthrie.

ROUTH-LOVELOCK—In Reno, June 23, 1894, Harry Routh of San Francisco and Mollie Lovelock of Reno.

DIED.

DAVIS—In Reno, June 23, 1894, Harry E. Davis, a native of Illinois, aged about 44 years.
